Installation Options

DVD Installation

Insert the RM[™] Easiteach[™] Next Generation DVD into the DVD drive and the install program will automatically start.

If the installer does not auto-start, open 'My Computer' and navigate to the drive which contains the DVD. Open the drive and double click on setup.exe. Then follow the instructions below, starting with the section 'Installing RM Easiteach Next Generation'.

Website download

You can download and install the latest version of Easiteach from the Easilearn website (www.easilearn.com).

From the Easiteach website, go to the Trial section and follow the instructions to download the application. Once the application starts installing, follow the instructions below, starting with the section 'Installing RM Easiteach Next Generation'.

Installing RM[™] Easiteach[™] Next Generation

(Version 1.5.0)

If you do not have all the pre-requisites required by RM[™] Easiteach[™] Next Generation installed, you may be prompted to install one or more of the following applications:

- Microsoft[®].Net Framework 4 Client Profile
- Microsoft[®] Visual C++ 2010 Redistributable (10.0.40219.01)
- Microsoft[®] Windows[®] Image Acquisition Library Automation Layer (Windows[®] XP)
- Adobe[®]Flash Player v11.2 for non-Internet Explorer[®] browsers
- K-Lite codec pack basic (9.1.0)
- Windows[®] Media Player 11 or above (Windows[®] XP)
- Windows[®] Media 9 Codec (Windows[®] XP)
- OGG Video / Audio Codec (Windows[®] XP)
- Microsoft[®] DirectX 9 (Windows[®] XP)

Follow the installation instructions provided on screen.
